

HAMMAD MUSTAFA

WEB DEVELOPER AS INTERN

OBJECTIVES

Passionate and motivated Web Developer with a strong foundation in HTML, CSS, JavaScript, and React.js, seeking an internship to apply and expand my skills in front-end development. Eager to contribute to real-world projects, learn from industry professionals, and enhance my experience in building responsive and user-friendly web applications. Enthusiastic about developing efficient code, improving UI/UX, and working collaboratively in a dynamic team environment.

PROJECTS

Portfolio

React JS, Tailwind CSS

- Built a fully responsive personal portfolio showcasing my projects and skills.
- Implemented smooth navigation, animations, and a contact form.
- Handled internet loss gracefully for a better user experience.

NamazPrayer API (In Progress)

React JS, Tailwind CSS

- Developed a project to display Namaz prayer times using the Aladhan API
- Utilized the API to fetch prayer timings for a given date and location (e.g., Lahore, Pakistan) and display them in a user-friendly format.
- Focused on creating an intuitive interface that dynamically loads prayer times based on user input (location and date).
